WHAT IS IT?
The TTF Train the Trainer: Teaching Techniques and Presentation Skills is a general workshop on how to prepare for and conduct successful training.

WHO IS IT FOR?
It is intended for trainers who will be using TTF curricula, other existing curricula, and those conducting skills training they design themselves. It is appropriate for new trainers, those who want to become trainers, and seasoned trainers.

WHAT DO YOU DO IN THE TRAINING?
Over the course of two days, topics such as effective instruction and presentation techniques, curriculum design, adult learning theory, and coaching skills will be addressed. The workshop will also allow for ample time to practice the skills being addressed.

HOW DO PEOPLE APPLY?
Local unions are invited to nominate up to three IATSE workers from their local. Nominees should be IATSE workers who want to become new safety or skills trainers for your local that you will use to conduct safety or skills training or individuals who already conduct safety or skills training for the local. The designated local union officer will complete and submit one application for their local.

IS THERE A COST?
The two-day workshop itself is free of charge for participants. The IATSE Training Trust Fund cannot, however, cover the costs for travel, lodging*, meals, or per diems associated with travel or participation in this workshop.

*NEW! The TTF now has a hotel subsidy available to qualifying locals. See our website for full details and application.
