

# Ladder Safety Basics for IATSE Workers

*Presented by the IATSE Education and Training Department*

March is National Ladder Safety Month! National Ladder Safety Month is an annual safety observance organized by the American Ladder Institute (ALI) to raise awareness of safe ladder use in the workplace and at home.

To promote this event, the IATSE Education and Training Department has teamed up with ICAP Committee Chair / Local 728 President, Alan Rowe and Local 80 Business Agent / Vice President, DeJon Ellis Jr. to present “*Ladder Safety Basics for IATSE Workers.*” Topics will include identifying common types of ladders, choosing the right ladder, safe climbing techniques, and much more!
