

IATSE ENTERTAINMENT & EXHIBITION INDUSTRIES TRAINING TRUST FUND

PROVIDING TRAINING OPPORTUNITIES FOR THE IATSE WORKFORCE

SAFETY MOBILE APPLICATIONS

The following are some safety apps you may find useful to the work you do. Most of the apps listed here are free, and new ones are being developed all the time.

Best Built Plans (Simcoach Games, free): Provides contractors and workers with practical tools and information to plan for safe materials handling while staying productive and profitable.

CDC (Centers for Disease Control and Prevention, free): Access the most up to date health news and information.

Chemical Hazards Pocket Guide (ThatsMyStapler Inc., free): The industrial hygiene information assists users to recognize and control occupational chemical hazards. Content is sourced from NIOSH® Publication No. 2010-168c.

Chemical Safety Data Sheets – ICSC (ThatsMyStapler Inc., free): International Chemical Safety Cards produced by the United Nations Environment Programme, the International Labour Office, and the World Health Organization.

Decibel X PRO - Sound Meter dBA, Noise Detector (SkyPaw Co. Ltd, free): Professional noise meter precisely measures the sound pressure level (SPL) all around you.

Emergency Alerts – American Red Cross (American Red Cross, free): Lets you monitor more than 35 different severe weather and emergency alerts to help keep you and your loved ones safe.

EMR Guide (National Safety Council, free): Designed to support those people who have completed NSC's Emergency Medical Response training course, but this ready reference can be a lifesaving tool for anyone.

Fall Protection (NAVFAC HQ PA, free): The official Fall Protection Field Guide, Mar. 2015 version with content from the EM 385-1-1 Manual in a searchable, mobile format. Download the manual and read on-the-go, bookmark need-to-know information, copy and paste text or images and share via email.

FallSafety Pro—Safety Alerts (Tidyware, free): Built specifically for those who work at height, it automatically notifies emergency contacts according to safety protocols.

First Aid - American Red Cross (American Red Cross, free): Puts expert advice for everyday emergencies in your hand with videos, interactive quizzes, and simple step-by-step advice.

Harness Hero (Etcetera Edutainment, free): Game engages players in key decisions of using a fall arrest system.

IATSE Safety Info (Winmill Software, free): The IATSE Safety App is an information reference and hazard reporting tool for IATSE members. It provides safety hotline telephone numbers, industry-specific safety bulletins and articles, and a form for reporting hazards encountered on the worksite.

ICG Safety (International Cinematographers Guild, free): A safety reference for IATSE Local 600 members with anonymous safety hotline numbers, industry-wide safety bulletins, safety articles, and what to do in an emergency.

Ladder Safety (Centers for Disease Control and Prevention, free): Features a multimodal indicator to assist the user in positioning a ladder at an optimal angle, and provides graphic-oriented interactive reference materials, safety guidelines, and checklists for extension and step ladders selection, inspection, accessorizing, and use.

The resources contained here are not to be considered an endorsement or recommendation of listed services. We are presenting information to be shared as it is presented to us. The IATSE TTF makes no guarantee, nor do we warranty as to, and assume no responsibility for the correctness, sufficiency or completeness of the information and/or training materials accessed through listed resources.

[NIOSH Pocket Guide to Chemical Hazards](#) (Centers for Disease Control and Prevention, free): A database of workplace chemical information including exposure limits, chemical/physical properties, personal protective equipment, respirators, and first aid.

[NIOSH Sound Level Meter](#) (EA LAB; free): This award-winning app combines the best features of professional sound level meters and noise dosimeters into a simple, easy-to-use package.

[Weather Radar – Live Forecast](#) (Impala Studios; free): NOAA Storm & Radar app for tracking storms, rain, snow and other severe weather conditions, and get alerts to stay safe.

[OSHA Safety - Laws and Regulations 1910 1926 1904](#) (Svitlana Kyrylova, requires purchase to view all standards): CFR standards for all industries including 1910 General Industry, 1926 Construction, 1904 Recordkeeping, 1928 Agriculture, 1915 Maritime, 1917 Maritime and 1918 Maritime.

[Protocol Journal](#) (Entertainment Services and Technology Association, free): A quarterly publication for entertainment technology industry professionals on business and technical topics, current standards issues, certification developments, and trade shows.

[Scribe for OSHA](#) (Intelivert, free): Designed to guide safety professionals through the applicable OSHA reporting and recordkeeping rules based on the type of incident they are dealing with.

[SDS Binderworks](#) (Trilix, membership required): Remote access to the SDS BinderWorks website.

[SDS Mobile](#) (Online-MSDS.com by KHA, free): Database of safety data sheets (SDS).

[Weather Bug – Weather Forecast](#) (WeatherBug, free): Delivers alerts and real-time forecasts from storm warnings to pollen levels (current, hourly, and 10-day).

[Windy.com](#) (Windyty, SE, free): Up-to-date weather forecast.

[WISER Response](#) (National Library of Medicine at NIH, free): Hazardous substances information including substance identification support, physical characteristics, human health information, and containment and suppression advice to assist emergency responders in hazardous material incidents.

[WorkSafeBC OHS Regulation](#) (WorkSafeBC.com, free): Search and browse the OHS Regulation, Prevention Policies, OHS Guidelines, and WCB Standards.
