TRAINING TRACKER CONDITIONS FOR ACCESS AND USE

Welcome to the IATSE Training Trust Fund (TTF) Training Tracker database. All access to, and any use of, the Training Tracker is governed by the below disclaimers and limits on use.

The content of this database tracks courses taken through the TTF and safety and craft skills training courses offered by Locals and their TTF signatory employers by collecting course sign-in sheets and uploading that information to the database. The Training Tracker is maintained and monitored by TTF staff.

While every attempt is made to ensure that information found in this database is accurate and up to date, the information is subject to change and all information included is subject to the accuracy and completeness of the information provided for entry to the TTF. The IATSE Training Trust Fund will not be held liable for information found in this database and reserves the right to determine the basis of inclusion for training records submitted to the TTF and to alter the content of the database at any time.

Please note that the Training Tracker may not contain training records for courses and certifications not submitted to us and/or taken outside of TTF or IATSE Local or signatory employer offerings. We encourage you to double-check the information obtained through the Training Tracker.
